Confident, respectful, and cheerful. CDSA students consistently exhibit those attributes when I see them at the school (when I am visiting my two children) or outside the school at parties or sports. From the first week my older child switched to this school from her old daycare, she showed change and improvement in her vocabulary and socialization. The curriculum is a great balance of group and individualized work. And most importantly, the teachers are very experienced, excellent learning facilitators, and so loving and caring. I can't say enough wonderful things about CDSA. My child will attend kindergarten there this year. The only drawback is that they do not offer all elementary grades! I am confident my children will be very well prepared for another school when the time comes to move them.
